Work Experience

Selected key areas of experience areas include

- Alternative Dispute Resolution with a particular focus on arbitration. Arbitration experience includes attending to both domestic and international arbitration matters, that is, preparation of arbitration documents (pleadings), conducting proceedings/hearings and thereafter drafting submissions in respect of the arbitral proceedings. Arbitration experience also included the drafting and review of arbitration agreements contained in contracts ensuring that the arbitration agreements are valid and enforceable.
- Dispute resolution (commercial and civil litigation). This experience encompasses the process of conducting litigation proceedings before the High Court beginning from the notification of a dispute, drafting of Court pleadings to review of evidence, conducting trials and making submissions in respect of the trials. This experience also includes conducting hearings at an appellate level before the Court of Appeal and the Supreme Court.
